Nov. 2016 - Jan. 2017

### Special Thanks and Speech Day Highlights

#### The Inside Story

- Special Thanks & Speech Day 1
- Power Installation Project 2
- Water Tank Project 3
- Land Expansion 4
- More Activity Highlights & Prayer Needs 5

It's with great delight that we bring you this new edition of our News Letter from His Kids Orphanage and School.

2016 was a year in which, the Lord promised us MORE THAN ENOUGH and we surely can testify to His faithfulness and abundant provision through the year, for the school and it's numerous programmes and projects.

We continue to glorify God for your generosity as well. Without this, we would never realize or even be able to handle the several projects and needs of the school. May God bless you mightily.

At the fall of last year as the term was closing, we had our annual Speech Day on 24th. November. 2016. We glory God for such a successful day it was.

We had our children participate in several activities in Music, Dance and Drama. They also gave very touching and inspiring speeches of how they have been blessed to be apart of the orphanage as many of them had never known nor imagined they would ever get a chance to attend school.

## Power Installation Project

We finally were able to start wiring the main block after we got the power line extended to the orphanage which wasn't in the plan but our God always has a plan.

This was possible by the prayers of our partners and financial contributions. Now we have been able to wire the first block and have light in the classes. We will still need finances to wire all the other buildings..

We also started on the process fencing off the property so we have the children in a secure compound.

There has been a long standing challenge of intruders who take advantage of the open compound to attack the orphanage and steal school property but once the fencing is done, we will have a safe compound for the kids to freely enjoy as they play and further more ensure security for the entire school.

We continue to ask for your generous contributions so we can finish the fencing project.

**Power Installation Project**

## Water Tank Project

The School has a borehole however it's far from the dormitories which staged a problem for the kids to access water especially in the night-time.

So having the water tank installed at the dormitories will ease the water issue and also its a way of harvesting rain water since Bugadde usually experiences drought seasons.

We surely bless the Lord for this great achievement and to our partners, this would never have been

**Water Tank Project**

possible without your generous contributions.

## Land Expansion Project

God has been so gracious beyond our imagination. Last year we were able to see an expansion at the School when we prayerfully acquired a piece of land near the school that was being fought for by Moslems who wanted to build a Mosque.

We didn't have all the money they required but we trusted God and through it all, we were reminded of the scripture in the Bible that says;

*“Every place that the sole of your foot will tread upon I have given you, as I said to Moses” Joshua 1:3(NKJV)*

Here in, is the School Head-mistress signing off the official land handle-over documents with the former land owners.

Great thanks to our partners' contribution to help us acquire this extra land.

## More Activity Highlights and Prayer Needs Corner

God has been faithful through the years and it's our plea that you keep the Kids in prayer but also continue praying for divine provision that all the different School programmes will be brought to completion there-by seeing more development take place.

We sincerely appreciate you for your continued commitment in standing with this great work in the Kingdom of God. Thank you for your generosity.

Many Blessings to you, from all of us here.

**Awarding of Certificates & Speech Day**

### **PRAYER NEEDS**

- MAYUGE DISTRICT WHERE THE ORPHANAGE IS, EXPERIENCES TOO MUCH FAMINE. AND NOW, IT'S LITERALLY HARD TO GET FOOD TO FEED THE KIDS. FOOD PRICES HAVE GONE UP. WE SURELY NEED GOD'S INTERVENTION AND PROVISION.
  - FINISHING OF THE FENCING PROJECT.
- TO COMPLETE THE REQUIRED SCHOOL REGISTRATION BY THE MINISTRY OF EDUCATION.
- GOD'S PROTECTION FOR THE KIDS, TEACHERS AND THE ORPHANAGE.
